

MODA-EM[®] Solution

More Science. Less Paper.[®]

Quality

Enforce compliance to SOP's

Efficiency

Real time access to data

Cost

Reduced time to collect and analyze data

Challenges of

Paper-Based Processes

<p>Labor-intensive processes</p>	<p>Ensuring compliance</p>	<p>Data entry errors</p>	<p>Collation of trend data</p>
----------------------------------	----------------------------	--------------------------	--------------------------------

Benefits of an Automated Approach

A Digitalized QC System Can...

Increase operational efficiency

- 50-60%** overall process improvement
- 70%** reduction in overall review time
- 2,210 hours** saved on non value added tasks

Improve data quality

- 100%** reduction in manual processing of non-viable data
- 100%** reduction in time spent on secondary reviews
- 80%** potential reduction in required trending report time

Compelling ROI

<p>6 month implementation timeline*</p>	<p>15 month breakeven from initial purchase*</p>
